logistic professionals

# Abloy PL358

## Description

The Abloy PL358 combines high end-security with ease of use and is produced in co-operation with SBS.

The lock is compliant with VbV and CEN 5 thanks to its high attack resistance and protection against drilling and lock-picking.

The top down placed cylinder guarantees maximum protection.

The PL358 fits all common SBS solutions:

- SBS BDL
- SBS Cobra
- SBS Turtle
- SBS Rhino
- SBS BDL-H

## Technical information
